

# SCE800TB-EV

ELECTRIC TELESCOPIC BOOM CRAWLER CRANE  
80 TONNES LIFTING CAPACITY

- Max. lifting moment 300 t·m.
- New generation smart control system, intuitive and convenient.
- Wireless remote control rear CW self-loading and unloading.
- Pure electric, low noise emission, environmentally friendly and energy saving.
- Danfoss 206kW water-cooled permanent magnet synchronous motor.
- 282kWh liquid-cooled power battery, supporting 8h long time operation.
- Support 240kW double gun DC charging, charging time ≤ 2h 16A, 32A, 63A three AC charging mode, charging time ≤ 8h.

 Boom length: 47m

 Jib length: 17.5m

 Engine: DANFOSS electric motor EM-PMI375-T1100-1500
